

**Changing the Game in Adolescent-Centered Design:
Assets, Access, Adherence**

**International AIDS Conference 2018 Pre-Conference Meeting
Sunday, 22 July 2018
Room G109, RAI Convention Centre
Amsterdam, Netherlands**

OBJECTIVES:

- Convene thought leaders in adolescent health and demystify human-centred design.
- Examine and share innovations and failures in using adolescent-centered design principles in HIV and SRHR.
- Bring adolescent-centered design principles to life through interactive workshops. Attendees will embark on an adolescent health journey through Grassroot Soccer (GRS) 3A's framework (ASSETS, ACCESS, ADHERENCE), incorporating dynamic activities that captivate and educate.
- Listen to young people's perspectives in each panel discussion, creating a cross-generational and multi-sector dialogue. Young people will also provide live feedback throughout the day.
- Empower attendees with practical skills, tools and other resources to implement adolescent-centered design methods into their own organizations and communities.
